

Electric multiple unit Plan V, NS

63138 | **NS**

railway company: NS

0,00€

Electric multiple unit Plan V of the Dutch State Railways.

Update!

- For the first time with PluX22 Interface available
- Model with authentic and delicately designed pantographs
- Switchable interior lighting only with equipped decoder
- Elaborately designed model with many separately applied plug-in parts

The two-part Dutch Electric Multiple Unit Plan V that was better known in the Netherlands as "Mat '64" or under the nickname Apekop (Monkey Head) - became one of the standard local trains of the Dutch State Railways in the mid-1960s. With a total of 246 units, it was the NS's most-built multiple unit at the time. From the V3 series on, the new colour scheme of the Dutch State Railways was also applied to the Plan V 415 units: bright yellow with grey details on the front and three blue, diagonal stripes on each side of the unit. The multiple units were used on almost all electrified railway lines in the Netherlands until they were finally scrapped.

General data

Coupling	In-house produced coupling
Minimum radius	419 mm
Flywheel	yes
Number of driven axles	2
Number of axles with traction tyres	1
Article number	63138
EAN	9005033631383
Interior fitting	Model with interior furnishing
Original (country)	Netherlands
Scale	H0
Epoch	IV
Railway Company	NS

Electrical

Motor	5-pole motor
Head light	3 headlight, dependent on the direction of travel/2 tail lights, dependent on the direction of travel
LED head light	yes
Interior lighting	Yes, LED
Control	DC Analog
Interface	Electrical interface for traction units PluX22

Measurements

Length over buffer	599 mm
