

Electric locomotive 193 312-6, DB Cargo

70724 | **EINSTELLER**

railway company: EINSTELLER

0,00€

Electric locomotive 193 312 of the DB Cargo.

- Elaborate printing of the “Das ist grün” design
- Features prototypical high control panel design in the driver’s cab
- Service in international freight transport
- Free-standing handle rails, in part made from metal
- Switchable high beam and individually switchable headlight or tail light and driver’s cab lighting in digital mode

DB Cargo also ordered Vectron locomotives in response to increasing freight transport demand. In 2018, DB Cargo received a total of 60 locomotives with the country packages for Germany, Austria, Switzerland, Italy and the Netherlands. This made it possible for DB Cargo trains to travel continuously without changing locomotives for the first time since the schedule change 2018/2019 - for example on the route from Rotterdam to Verona. Since 2020, these locomotives have also been fitted with the country package for Belgium.

General data

Coupling	NEM shaft 362 with close coupling mechanism
Minimum radius	358 mm
Flywheel	yes
Number of driven axles	4
Number of axles with traction tyres	1
Article number	70724
EAN	9005033707248
Scale	H0
Epoch	VI
Railway Company	EINSTELLER

Electrical

Head light	3 headlight, dependent on the direction of travel/2 tail lights, dependent on the direction of travel
LED head light	yes
Additional light function	yes
Decoder-Type	MS450P22
Sound	yes
Buffer capacitor	yes
Interior lighting	Yes, LED, Digital switchable, Driver's cab lighting
Control	DC Digital
Interface	Electrical interface for traction units PluX22
Digital decoder	PluX22

Measurements

Length over buffer

218 mm
