railway company: EINSTELLER

0,00€

Electric locomotive 1829 of the Rail Force One.

- Former Series 1600 locomotive in Rail Force One design
- Delicately designed model with extra applied plug-in parts
- Delicate design of the pantographs
- In digital mode with individually switchable headlights or tail lights
- Digitally switchable sound functions

The Dutch rail transport company Rail Force One bought six locomotives from Locon Nederland in 2017. The French-built electric locomotive 1829 (ex 1629 of the Dutch State Railways, built in 1982) was the first to be painted in the company colours.

General data

Coupling	NEM shaft 355 with close coupling mechanism
